Disclaimer and Terms of Use

This Disclaimer and Terms of Use ("Disclaimer") control the use of the COLMARq web server ("COLMARq") operated by CCIC at the Ohio State University ("OSU"). The purpose of the web server is to help researchers working in the field of NMR-based metabolomics. By clicking to gain access to COLMARq you are agreeing to the terms of the Disclaimer set forth here. **If you cannot agree to the terms of this Disclaimer you should not access the COLMARq.**

The COLMARq is publicly accessible to both non-commercial and commercial users free of charge under the following terms and conditions:

1) All information in the COLMARq is provided "as is", with no guarantee of completeness, accuracy, timeliness or of the results obtained from the use of this information, and without warranty of any kind, express or implied, including, but not limited to warranties of performance, merchantability, and fitness for a particular purpose.

2) Although the information returned on this COLMARq is accurate to the best of our ability, OSU assumes no responsibility for errors or omissions in the contents of the COLMARq.

3) In no event shall OSU be liable for any special, direct, indirect, consequential, or incidental damages or any damages whatsoever, whether in an action of contract, negligence or other tort, arising out of or in connection with the use of the COLMARq or the contents of the COLMARq.

4) OSU reserves the right to make additions, deletions, or modifications to the contents on the COLMARq at any time without prior notice.

5) OSU does not warrant that the COLMARq is free of viruses or other harmful components.

6) The information stored on the COLMARq can be used by the developers (authors) to improve the performance of the COLMARq. General information about the usage of the COLMARq can be shared with the OSU administration and funding agencies. No information about specific spectra and specific results obtained through the Website will be shared with 3rd parties without the explicit consent of the users.

7) All data is stored securely in the COLMARq to the best of our ability. However, OSU cannot guarantee against data breach, data manipulation, or the loss of data on the web server.

8) Users have the option to delete a session in COLMARq. Once deleted, it can no longer be accessed or recovered by the user. Only delete a session when you are sure that you will never need to access it again.

9) OSU cannot guarantee accessibility to the COLMARq at all times, such as during scheduled or unscheduled maintenance of the web server or computer hardware.

10) It is the responsibility of the user to make sure that the spectra uploaded into the COLMARq are de-identified, for example, by using filenames that do not contain any personal information.

11) Under no circumstances is The Ohio State University or any of the authors of the COLMARq liable for the use or any actions taken based on information obtained through this web server. This includes legal fees and other fees, patent disputes, violation of privacy, damage in reputation, bodily harm, injury, or death.

12) You are not allowed to mirror the COLMARq web server without the explicit written consent by OSU.

13) When results obtained using the COLMARq are published, include a reference to "Li, D.-W.; Leggett, A.; Bruschweiler-Li, L.; Brüschweiler, R., Analytical Chemistry (2022)."

14) The COLMAR suite of web servers is offered to the public as a freely available resource. Use and re-distribution of the data obtained with COLMAR, in whole or in part, for commercial purposes requires explicit permission of the authors and explicit acknowledgment of the source material (COLMAR, COLMARm, COLMARq, etc.) and the original publication(s) (patent application pending). For commercial users who are interested in using any of the COLMAR web servers, please contact Dr. Rafael Brüschweiler (bruschweiler.1@osu.edu).

15) OSU reserves the right to modify the terms and conditions of this Disclaimer at any time without prior notice. Your continued use of the COLMARq indicates your acceptance of any such modifications.
